

Recruiter Intern – Assessment Task

Task 1: Candidate Sourcing

Source **10 suitable candidates** for **one** of the following roles:

- Graphic Design Intern
- QA Intern
- Digital Marketing Intern
- Full Stack Intern

For each candidate, provide:

- Name
 - LinkedIn/Profile Link
 - Current Location
 - Education
 - Why the candidate is a good fit
-

Task 2: Resume Screening

You are given **5 resumes** for a **QA Intern** role.

Shortlist the **top 2 candidates** and explain:

- Why you selected them.
 - Why you rejected the others.
-

Task 3: Job Description Writing

Create a professional Job Description for **one** of the following roles:

- UI/UX Design Intern
- Sales Intern
- Marketing Intern
- QA Intern

The JD should include:

- About the Role

- Key Responsibilities
 - Required Skills
 - Preferred Skills
 - Benefits
-

Task 4: Candidate Communication

Draft the following:

- Interview Invitation Email
 - Interview Reminder Message (WhatsApp/Email)
 - Assessment Invitation Email
 - Rejection Email (Professional and Positive)
-

Task 5: Recruitment Strategy

Suppose you have to hire **20 interns in 15 days**.

Explain:

- Which job portals would you use?
 - How would you source candidates?
 - How would you screen applications?
 - How would you schedule interviews?
 - How would you manage candidate follow-ups?
-

Task 6: AI in Recruitment

Explain how you would use AI tools such as ChatGPT, Gemini, or Claude during recruitment.

Include:

- Writing Job Descriptions
 - Resume Screening
 - Email Drafting
 - Candidate Communication
 - Interview Question Generation
 - Recruitment Automation
-

Task 7: HR Scenario

A candidate has been shortlisted but has not responded for **3 days** after receiving the interview invitation.

How would you handle this situation?

Write the follow-up email or WhatsApp message you would send and explain your approach.

Submission Requirements

- Submit your responses in a single PDF or Google Document.
- Mention any AI tools used while completing the assessment.
- Include the prompts you used (if applicable).
